

★ Disabled drop off points

For garden ceremonies or receptions in the main house - it is best to drop disabled guests at the front door (low threshold step to overcome) or garden gate (flat) next to the house and then park your vehicle as normal in the car park to avoid them having to negotiate the gravel.

Conservatory - The courtyard is usually cordoned off to general traffic with the exception of those dropping off guests in wheel chairs for direct access to the conservatory.

Barn - direct access can be gained via a paved path directly from the carpark to the rear fire exit of the Barn

--- **Access route** - access to the site from all the main rooms (Barn, Dairy, Granary), garden and terrace are linked by flat and ramped walkways, easily negotiable for wheelchair users. Doorway dimensions to each room are written in red under each room name on the map in.

Please note that this is a listed premises and we have been unable to make many changes to parts of the property (mainly the house) to ease access due to building conservation & rules and regulations, however most disabled people are able to get around well - please speak to a member of staff if you feel you might need assistance or more information.

Access to ground floor bedrooms - The Tack Room and Dove Cote both have wider doors but they both have a reasonable sized step up in to them - we have a removable ramp in to the Dove Cote if needed. The Stable Room doorway has a low threshold to step over but it is quite narrow. Doorway dimensions to each room are written in red under each room name on the map.

If you have any questions please do not hesitate to give us a call on 01223 207581 during normal office hours or email us at info@south-farm.co.uk.
